   PLEASE SUMMARIZE THE REASON FOR THE EXEMPTION:
   33 V.S.A. § 6303(a) provides that the Commissioner of
   Disabilities, Aging and Independent Living shall adopt
   by rule program standards for the purpose of providing
   quality oversight of home health agencies. The minimum
program standards must include practices to ensure confidentiality of patient records.

6. LEGAL AUTHORITY / ENABLING LEGISLATION:
(The specific statutory or legal citation from session law indicating who the adopting entity is and thus who the signatory should be. This should be a specific citation not a chapter citation).
33 V.S.A. § 6303

7. EXPLANATION OF HOW THE RULE IS WITHIN THE AUTHORITY OF THE AGENCY:
The Commissioner of Disabilities, Aging and Independent Living shall adopt by rule program standards for the purpose of providing quality oversight of home health agencies. The minimum program standards must include performance standards, quality indicators, grievance and complaint procedures, patient safety standards, consumer input mechanisms, accessibility standards, medical necessity standards, and practices to ensure confidentiality of patient records.

8. CONCISE SUMMARY (150 WORDS OR LESS):
This proposed rule amends the Regulations for the Designation and Operation of Home Health Agencies, which were last amended July 1, 2007. Given the extensive modifications to the existing Rule, AHS and DAIL are proposing a strike-all. The proposed rule seeks to address both technical and substantive issues. Examples of the former include re-organizing existing content and editing for enhanced clarity. Substantive changes include adding and deleting definitions; modifying definitions to replicate federal definitions where appropriate; modifying terminology; to avoid redundancy, deleting provisions that are required by the Federal Conditions of Participation (CoPs), with which all agencies must comply; and amending and clarifying the appeals provisions.

9. EXPLANATION OF WHY THE RULE IS NECESSARY:
The substantive changes are needed to align the State regulations with the Federal CoPs and to avoid redundancy. For example, the Federal CoPs, with which home health agencies must comply, address Licensed Practical Nurse Services, Licensed Nursing Assistant Services, Therapy Services, Medical social Services,
Clinical Records, and Plan of Care. Accordingly, those sections have been deleted from the proposed rule. In addition, the proposed rule seeks to change the section currently titled, "Skilled Nursing Services" to "Skilled Services" to align with the Federal CoPs. Specifically, as the CoPs only require supervision by a Registered Nurse (RN) for skilled nursing, the home health agencies have requested the elimination of the current requirement of RN supervision for non-medical tasks.

10. EXPLANATION OF HOW THE RULE IS NOT ARBITRARY:
The rule is needed to align the State designation requirements with the Federal CoPs. The rule is within the authority of the Commissioner of Disabilities, Aging and Independent Living, the expertise of the licensing agency, and is based on input received from a workgroup consisting of interested stakeholders, which focused on developing a rule to protect patient rights and enhance positive client outcomes.

11. LIST OF PEOPLE, ENTERPRISES AND GOVERNMENT ENTITIES AFFECTED BY THIS RULE:
All home health agencies in the state of Vermont;
Prospective and current patients served by the home health agencies;
Vermont Legal Aid, including the Long-Term Care Ombudsman Program; and
DAIL's Division of Licensing and Protection and its Adult Services Division.

12. BRIEF SUMMARY OF ECONOMIC IMPACT (150 WORDS OR LESS):
AHS and DAIL anticipate that the proposed changes to the Regulations for the Designation and Operation of Home Health Agencies will have no economic impact, including no impact on the State's gross annualized budget in fiscal year 2019.
