

A Community-based Exchange

**for used assistive technology and durable
medical equipment in Vermont.**

Assistive Technology (AT) is a piece of equipment or a device that can make it easier for people to be more independent at home, work, school, or in the community.

AT4ALL is a **free web-based exchange** for people who want to locate, sell, or donate Assistive Technology and Durable Medical Equipment such as an adapted van, wheelchair, walker, accessible computer, or communication device.

VISIT www.vt.at4all.com TODAY!

For questions or assistance contact the VT AT Program at **1-800-750-6355** or by email at dail.atinfo@vermont.gov
