DAIL Mission Statement and Core Principles

The Department of Disabilities, Aging and Independent Living's mission is to make Vermont the best state in which to grow old or to live with a disability – with dignity, respect, and independence.

DAIL is committed to fostering the development of a comprehensive and coordinated approach to the provision of community-based systems of services for older adults and people with disabilities. Our goal is to enhance the ability of these Vermonters to live as independently as possible, actively participating in and contributing to their communities. As we approach this work, we are guided by the following core principles:

- Person-centered: the individual is at the core of all plans and services.
- Respect: individuals, families, providers and staff are treated with respect.
- Independence: the individual's personal and economic independence are promoted.
- Choice: individuals will have options for services and supports.
- **Self-determination:** individuals direct their own lives.
- Living well: the individual's services and supports promote health and well-being.
- Contributing to the community: individuals are able to work, volunteer and participate in local communities.
- Flexibility: individual needs guide our actions.
- Effective and efficient: individuals' needs are met in a timely and cost-effective way.
- Collaboration: individuals benefit from our partnership with families, communities, providers, and other federal, state and local organizations.
