CONFLICT OF INTEREST IN CASE MANAGEMENT

INPUT ON OPTIONS FOR HOW DEVELOPMENTAL DISABILITIES SERVICES SHOULD COMPLY WITH THE RULE

The Department of Disabilities Aging and Independent Living, Developmental Disabilities Services Division would like to invite individuals who receive services, family members, advocacy organizations, providers and any other stakeholders interested in Developmental Disabilities Services to a regional public input meeting. Each meeting will cover the same information, so you only need to attend in one location.

At the meeting, we will explain the Federal rules about Conflict of Interest in the delivery of Case Management services. The State is required to make some changes in the way case management is provided. We will explain some options for changes that could be made to comply with the rules. We want your feedback about these options before making final decisions.

Information about the rules and the state's efforts to date are available at <https://dvha.vermont.gov/global-commitment-to-health/conflict-of-interest-home-and-community-based-services>
