

Residential Care Homes Scheduled for Closure

Country Village- a residential care home in Bellows Falls, Level 3, 24 beds. This Res Care is primarily supported through ACCS funding and serves clients from HCRS exclusively. These individuals are probably associated with HCRS due to mental health issues, so this will put pressure on mental health and housing supports in the Bellows Falls area. HCRS is already involved and DMH is engaged. Scheduled to close on 7/1/18.

Scenic View – a residential care home in Westfield (NEK), Level 3 home, 25 beds. This Res Care Home is primarily funded with ACCS but also has a small mix of Enhanced Residential Care Rates (ERC) for specific residents who qualify for that level of care. Scenic View is associated with Rural Edge, a housing authority in the NEK for which Patrick Flood is the interim CEO. Again, individuals with mental health issues utilize this facility. Scheduled to close on 7/19/18

Twin Maples- a residential care home located in Bennington, Level 4, 15 beds. As a Level 4 facility, it is exclusively private pay so we have no specific information about the individuals in residence. Scheduled to close on 6/30/18
